**The Review of Shop Drawings**

**ABC Partners Consulting Engineers**

**PRECAST CONCRETE PANEL SHOP DRAWING**

This shop drawing has only been reviewed for general layout of the precast concrete panels. Structural design of the units and connections shall be the responsibility of the precast concrete subcontractor.

This review does not extend to the setting out of the work nor to work which is the responsibility of the Contractor. The work shall also conform to the requirements of the Structural Drawings, Specifications and Project instructions.

This review shall not relieve the Contractor of his responsibilities under the contract nor shall it be regarded as an authority for any variation.

The drawing is returned with the following status:

- Unaltered
- Corrected as noted, resubmission not required
- Corrected as noted, resubmission required

Where resubmission is noted, submit reviewed drawings for re-examination before proceeding with the work.
