C4 – CERTIFICATE FOR CONSTRUCTION MONITORING (p2)

On the basis of this review and the information supplied by the contractor during the course of the works including the C3 Certificate for Construction and on behalf of the firm undertaking this construction monitoring, I believe on reasonable grounds that:

all

part only

of the building works have been completed in accordance with the requirements of the approved structural engineering documents

I also believe that the person(s) who have undertaken the construction review(s) have the necessary competency to do so.
